## Rules & Regulations

The Ambush at Cavern Cove is run in accordance with the latest SASS rules, as set forth in the Shooter's Handbook and the RO Level I and II courses. Anyone not abiding by the rules will be disqualified and asked to leave the match. The decisions of the Match Directors are final.

- No one will be allowed to shoot if, in the judgment of the Range Officer, they are impaired.
- No alcohol is to be consumed until shooting ends for the day and firearms are safely stored.
- Pistols must be holstered, actions open on rifles and shotguns at all times, except on the firing line, or in "safe areas". Store firearms in gun cart when possible.
- Firearms may only be loaded at the loading tables.
- Cap and Ball pistols may only be capped at the loading tables.
- All shooters and spectators must wear ear and adequate eye protection in the shooting area.
- Unsafe firearm handling will not be tolerated.
- Cross-draw holsters may not depart from the vertical by more than 30 degrees. Offending holsters must be removed.
- The 170-degree plane rule will be strictly enforced. Cross-draw holster users **must** "do the dance" or be DQ'ed.
- Under the arm, shoulder holsters that sweep others will not be allowed.
- Rifle and shotguns must be empty of live or fired rounds when re-staged.
- All shooters must conform to minimum dress requirements: cowboy boots, cowboy hat, jeans and long sleeve western shirt.
- Coaching is encouraged. The timer will help the shooter through the course of fire unless requested not to by the shooter. The shooter is ultimately responsible for their shooting.

## Penalties

**Each missed target:** 5 seconds

**Procedural:** 10 seconds (limit one per stage).

*Any unintentional procedural errors caused by "brain fade", confusion, ignorance, or mistakes. Accommodations are often allowed for those unable to comply with specific stage procedures due to physical limitations with no procedural penalties assessed.*

**Stage DQ** may also be assessed if the shooter:

- Practices unsafe firearm handling, such as fanning.
- Uses an illegal or illegally modified firearm.

**Match DQ** may also be assessed if the shooter:

- Accumulates two stage DQ's or two Spirit of the Game penalties.
- Presents belligerent attitude or un-sportsman like conduct.
- Shoots while impaired by alcohol, medication, etc.
- Shoots illegal "too hot" ammunition.

**Failure to Engage/ Spirit of the Game:** 30 second penalty

*Willfully shooting a stage other than the way it was intended in order to gain a competitive advantage.*

No re-shoots will be awarded unless a firearm malfunctions prior to the first shot of the stage, there is a malfunction of timer or targets, or if the range officer/timer incorrectly stops the shooter. The shooter will re-shoot the stage starting with no misses.

*Shooters may appeal a ruling by notifying the Posse Leader/Range Officer prior to leaving the stage in dispute and posting a \$50 bond. A panel of three will consider the appeal. The bond will be forfeited if the ruling is upheld.*
